In Brazil, those in extreme poverty turned to futbol or as we call it soccer, in hard times to bring communities together. Now, this is what the World Cup is known for in Brazil, bringing people together. Brazil is the only country that has won the world cup 3 times from the 1930's to the 1970's.

Hieroglyphics were used in the past as a form of record keeping, documenting stories of places, kings and queens, wars, etc. Some of the drawings seemed similar, but everyone back then all used it so it was not difficult for them to interpret. Through the years it has evolved, combining with other forms of writing and also combining with the alphabet as we know it.

The Scouts will need to decipher writings using the chart below.

```
A  \[ or \]  H  \[ or \]  O  \[ \]  V  \[ \]  
B  \[ \]  I  \[ \]  P  \[ \]  W  \[ \]  
C  \[ or \]  J  \[ \]  Q  \[ \]  X  \[ \]

Théâtre de la Gaîté-Montparnasse

The Concert de la Gaîté-Montparnasse theatre was created in 1867.

The soft drinks manufacturer, François Jamin, salvaged materials from the demolition of the Théâtre de l’Exposition in 1867 to construct a "café-concert" which he located in the very popular rue de la Gaîté. The concert hall opened its doors in September 1868. This 400 seat theatre actually precedes the artist influx as it was founded early in 1868. Over the years this theatre has seen repeated periods of refurbishment to keep it in the impressive state that it exists in. The most recent adjustment was replacement of all the seating back in 2003. (so… there is no need for any invisible benches)

HELP WANTED; We have a sold out show for Saturday night and 6 of our top stars have canceled! The Theatre de la Gaite is having tryouts for this Saturday’s performance. All actors and singers should come prepared with a song or skit; perhaps we will see worldwide travelers who will bring to us a song (or skit) from a different country? “Oui?”

Scoring:

Patrol Flag = 1 point
Patrol cheer = 1 point
Patrol First Aid Kit = 1 point
Teamwork = 4 points (working together)
Knowing your material = 3 points (knowing your song or skit)
The San Bushmen, also known as the San, are the oldest inhabitants of South Africa. They are also legendary hunter-gatherers from the Kalahari Desert region of Botswana.

For this station, patrols will have to “gather” and “hunt” in order to score points. The patrol will be provided a list of what to gather at the opening ceremony. By gathering the items, the patrol will earn the ability to hunt. After obtaining the items, the patrol will go to the Botswana station to partake in the hunt.

Patrols will be scored on the following:

* Patrol flag
* First Aid Kit
* Patrol Cheer
* Successful Hunt

Bonus Points: Bonus points will be offered if the patrol has some basic knowledge of Botswana (hint, info can be found on Wikipedia, or on this page)

As of 2018, the population of Vietnam stands at approximately 95.5 million people. The national language of the country is Vietnamese. It covers a total area of approximately 331,212 km² (127,882 sq mi). The combined length of the country’s land boundaries is 4,639 km (2,883 mi), and its coastline is 3,444 km (2,140 mi) long. Due to differences in latitude and the variety of its topography, Vietnam’s climate tends to vary considerably for each region. Vietnam is home to a diverse assortment of land animals and 2,458 species of sea fish.

Each patrol must bring 10 pieces of rope, each one 10 feet long. Scouts will have to tie at least 3 different knots onto a ring and then working together as a patrol “catch a fish”.

The Olympic Games originated in Greece, as many as 3000 years ago. The first written records of the game date to 776 BC, when a cook named Coroebus won the only event, a foot race called the “stade”.

Your patrol will compete in an Olympic Game, a relay race! Two members of your patrol will tie one of their legs together, as if you were running a three-legged race. Their legs must be tied together with a square knot. Once complete they will race to the knot area, where the next patrol member will be waiting to tie the first knot (Sheet Bend). Once that patrol member has successfully tied their knot, the next patrol member in line can begin tying theirs (Clove Hitch). Patrol members will continue to tie knots in a relay fashion until the last knot is successfully tied. Then, two different patrol members will tie their legs together using a square knot, and race back to the starting point.

Before you can begin your relay race, though, you must light the Olympic Torch! Using materials found and any materials your patrol provides, you must light the torch without using matches or lighters.

As soon as the torch is lit, your relay race can begin, points will be deducted if your patrol attempts to start the relay race before the Olympic Torch is lit.

Steps:
1. Light the Olympic Torch
2. Tie legs together & race to knot area
3. Complete knots in a relay fashion
4. Two different members legs tied together & race back to start area

Knots to be tied:
1. Square Knot (for legs)
2. Sheet Bend
3. Clove Hitch
4. Bowline
5. Taut-line Hitch
6. Square Knot (for legs)

Points:
- 2 points for lighting Olympic Torch
- 1 point for each knot correctly tied (5 possible)
- Time to Complete
  o 1 point – Within 15 min.
  o 2 points – Within 10 min.
  o 3 points – Within 7 min.

- Points will be deducted if you start the relay before the Olympic Torch is lit
- Points will be deducted if a knot is started before the previous knot has been fully tied.

All rope & materials will be provided, but patrols may bring additional items to light the fire (Tinder, Flint & Steel, etc.). Any materials provided by the patrol must be scout approved, no lighters, fluid, etc.
